Bio

The Unknowns are a five-piece band whose music combines the sound of vintage jazz, blues and soul with a contemporary pop twist to create an upbeat and unforgettable sound.

Featuring three-part vocal harmony backed by keyboard, guitar, ukulele, acoustic bass and drums, they approach original songs and timeless jazz standards with the same contemporary polish. Inspired by their love of R&B, motown, Broadway ballads and swing, their live performances showcase the band's exceptional musicianship and fun, irreverent attitude that wins over audiences.
